IM-181 Revision

10 Jan.'50

D/ES

IM-181: Resources and allocations of steel, aluminum, petroleum, electric power, and technical manpower for the USSR, 1949-1952.

Statement of Project:

Origin: D/ES

Problem: To provide substantive revision of IM-181

Scope: The nature and extent of contemplated revisions to IM-181 make advisable a revision of IM-181 which, together with the original IM-181, will be formally coordinated among the IAC agencies.

It is intended that IM-181 Revision will consist of corrections only and will not involve the reproduction of the whole work.

Graphics (if any): Tables as indicated

Form: Contingent on other revisions

Draft due by D/PSB: earliest convenience

Dissemination deadline (if any):

Responsible Division: D/ES

Internal Coordination: As needed

Departmental responsibilities: To provide revisions and to coordinate

Highest classification: Top Secret

Declassification: Same as for IM-181

Approved For Release : CIA-RDP78-01617A000500220009-0
